When **Andrew Lewis**
games the system,

we all lose.

GAME OVER

Paid for by End Citizens United Non-Federal Pennsylvania.

Andrew Lewis played politics with the 2020 elections by trying to change the rules of the game.

Instead of letting the people decide this election, Andrew Lewis and his cronies tried to create a commission that would change the rules and undermine the democratic process.¹ *The Philadelphia Inquirer* even said the actions of Republicans like Lewis were a ‘brazen’ attempt to ‘interfere’ in the election process.²

CHECK THE FACTS

1. H.R. 1032, voted 9/30/20;
2. *The Philadelphia Inquirer*, 10/4/20.

Don't let Andrew Lewis play games with our democracy. **Vote NO** on Andrew Lewis.
