

Once homeless
and sleeping in a kiddie
pool outside a gas station—
Candace Valenzuela
learned that education was
the key to a better life.

CANDACE VALENZUELA SAW FIRSTHAND HOW EDUCATION CAN LEAD TO OPPORTUNITY

*She'll fight to give our kids the
quality education that they deserve*

Candace Valenzuela worked hard in school, becoming a First Distinguished Graduate and earning a full scholarship to college. Valuing the opportunities that education was able to afford her, **Candace became an educator for special needs students and eventually a trustee of the Carrollton-Farmers Branch Independent School District board so that she could fight for our children.**

As a school board trustee, Candace fought to:

- Increase teacher salaries
- Prevent gun violence in schools
- Expand STEM programs
