

THE BUSINESS COALITION FOR THE **EQUALITY ACT**

The Business Coalition for the Equality Act is a group of leading U.S. employers that support the Equality Act, which would finally guarantee explicit, permanent protections for lesbian, gay, bisexual and transgender people under our existing civil rights laws.

Launched in March 2016, the **553** member companies of HRC's Business Coalition for the Equality Act have operations in all 50 states, headquarters spanning 34 states and a combined \$7.8 trillion in revenue, and employ over 16 million people in the United States.
