

Agmatix | agmatix.com

Data synchronization, Mobile technology, Predictive/prescriptive analytics

Allen Lund Company, LLC | allenlund.com

Freight payment, Mobile technology, Routing and scheduling, Supply chain management, Systems integration, Transportation management system (TMS), Yard management

Americold | americold.com

Automated material handling solutions, Barcode systems, Customer relationship management, Data synchronization, E-commerce, Enterprise resource planning (ERP), FinTech, Food safety management, Inventory control, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Robotics, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology, Yard management

Apis Wise, LLC | apiswise.com

Barcode systems, Data synchronization, Food safety management, Inventory control, Manufacturing execution system, Regulatory compliance, RFID, Warehouse management system (WMS)

Arrive Logistics | arrivelogistics.com

Automated material handling solutions, Food safety management, Load planning, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

ArrowStream | arrowstream.com

Data synchronization, Inventory control, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility

Austin Data Labs | austin-labs.com

Data synchronization, Demand management, Enterprise resource planning (ERP), Inventory control, Load planning, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS)

Authenticate | authenticateis.com

Food safety management, Supply chain management, Supply chain visibility

AutoScheduler.AI | autoscheduler.ai

Data synchronization, Demand management, Inventory control, Predictive/prescriptive analytics, Supply chain management, Supply chain visibility, Systems integration, Warehouse management system (WMS)

AutoStore | autostoresystem.com

Automated material handling solutions, E-commerce, Micro-fulfillment, Robotics, Supply chain management, Supply chain visibility, Warehouse management system (WMS)

BarTender by Seagull Scientific | seagullscientific.com

Barcode systems, Inventory control, Internet of Things (IoT), Mobile technology, RFID, Supply chain management, Systems integration

Becker Logistics | beckerlogistics.com

Food safety management, Load planning, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

Blue Link Associates Limited | bluelinkerp.com

Enterprise resource planning (ERP)

Blue Yonder | blueyonder.com

Barcode systems, Demand management, E-commerce, Enterprise resource planning (ERP), Freight payment, Global trade management, Inventory control, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, RFID, Robotics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology, Yard management

BrillDog | brilldog.com

Data synchronization, Demand management, FinTech, Freight payment, Global trade management, Inventory control, Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS)

Brother Mobile Solutions | brothermobilesolutions.com

Mobile technology

C3 Solutions | c3solutions.com

Dock Appointment Scheduling, Internet of Things (IoT), Mobile technology, Routing and scheduling, Supply chain visibility, Systems integration, Wireless technology, Yard management

CalAmp | calamp.com

Internet of Things (IoT), Regulatory compliance, Supply chain management, Supply chain visibility, Wireless technology

Camelot 3PL Software | 3plssoftware.com

E-commerce, Enterprise resource planning (ERP), Inventory control, Mobile technology, Supply chain management, Supply chain visibility, Systems integration, Warehouse management system (WMS)

CAMS Software | prospero.com

Freight payment, Load planning, Mobile technology, Regulatory compliance, Routing and scheduling, Supply chain visibility, Systems integration, Transportation management system (TMS)

Capstone Logistics | capstonelogistics.com

Inventory control, Load planning, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS), Warehouse management system (WMS)

Carrier Logistics Inc. | carrierlogistics.com

Load planning, Mobile technology, Routing and scheduling, Supply chain visibility, Systems integration, Transportation management system (TMS), Wireless technology, Yard management

CDL 1000 | cd1000.com

Load planning, Supply chain management, Supply chain visibility

CensaNext | censanext.com

Automated material handling solutions, Demand management, E-commerce, FinTech, Food safety management, Inventory control, Internet of Things (IoT), Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS), Warehouse management system (WMS)

Cimcorp Automation Ltd. | cimcorp.com

Automated material handling solutions, Food safety management, Inventory control, Load planning, Robotics, Systems integration, Warehouse management system (WMS)

CMX | cmx1.com

Auditing, Data synchronization, Food safety management, Global trade management, Incident management, Internet of Things (IoT), Mobile technology, Policy management, Product lifecycle management, Quality assurance, Predictive/prescriptive analytics, Recall management, Regulatory compliance, RFID, Supply chain management, Supply chain visibility, Systems integration

Cooltrax | cooltrax.com

Food safety management, Internet of Things (IoT), RFID, Supply chain visibility, Wireless technology, Yard management

Crisp | gocrisp.com

Data synchronization, Supply chain visibility

CrossnoKaye | crossnokaye.com

Cloud-based control platform, Data synchronization, Demand management, Industrial automation software, Industrial control software, Internet of Things (IoT), Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Security solutions, Supply chain visibility, Systems integration

Crown Equipment | crown.com

Automated material handling solutions, Internet of Things (IoT), Warehouse management system (WMS), Wireless technology

Dassault Systèmes | 3ds.com

Inventory control, Internet of Things (IoT), Predictive/prescriptive analytics, Robotics, Routing and scheduling, Supply chain management, Supply chain visibility

DAT Freight & Analytics | dat.com

Demand management, Freight payment, Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

Deacom, an ECI company | deacom.com

Barcode systems, Customer relationship management, Demand management, E-commerce, Enterprise resource planning (ERP), Inventory control, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Warehouse management system (WMS)

DispatchTrack | dispatchtrack.com

Data synchronization, Demand management, Inventory control, Load planning, Mobile technology, Routing and scheduling, Supply chain visibility, Systems integration

DTG | dtgpower.com

Mobile battery-powered workstations, Mobile technology, RFID

Edge Logistics | edgelogistics.com/capacity

Supply chain management, Supply chain visibility

ELITE Transit Solutions | elitetransit.com

Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain visibility, Transportation management system (TMS)

Emerge | emergemarket.com

Data synchronization, Demand management, Load planning, Supply chain management, Supply chain visibility

Emerson Cargo Solutions | emerson.com/cargo

Internet of Things (IoT), Mobile technology, RFID, Security solutions, Supply chain management, Supply chain visibility, Wireless technology, Yard management

Enveyo | enveyo.com

Data synchronization, Predictive/prescriptive analytics, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

EROAD | eroad.com

Data synchronization, Food safety management, Internet of Things (IoT), Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, RFID, Routing and scheduling, Security solutions, Supply chain visibility, Systems integration, Wireless technology

ETQ (part of Hexagon) | etq.com

Food safety management, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility

Everstream Analytics | everstream.ai

Predictive/prescriptive analytics, Supply chain management, Supply chain visibility

Financial Transmission Network, Inc. (FTNI) | ftni.com

Data synchronization, FinTech, Freight payment, Mobile technology, Systems integration

Fleet Advantage | fleetadvantage.com

Supply chain management, Supply chain visibility, Systems integration, Vehicle Asset Management

Foods Connected | foodsconnected.com

Food safety management, Supply chain management, Supply chain visibility

FreightSmith LLC | freightsmith.net

FinTech, Freight payment, Mobile technology, Supply chain visibility, Yard management

Generix Group | generixgroup.com/en

Warehouse management system (WMS)

Globe Tracker | globetracker.com

Supply chain visibility

Harven Inc | harven.co.kr

Internet of Things (IoT), RFID

Hwy Haul | hwyhaul.com

Freight payment, Load planning, Mobile technology, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS)

Icicle Technologies Inc. | icicletechnologies.com

Barcode systems, Demand management, Enterprise resource planning (ERP), Food safety management, Inventory control, Internet of Things (IoT), Predictive/prescriptive analytics, Regulatory compliance, Warehouse management system (WMS)

Innovate E-Commerce | innovateec.com

E-commerce, Security solutions, Supply chain management, Supply chain visibility, Systems integration

InTek Freight & Logistics, Inc. | intekfreight-logistics.com

Customer relationship management, Data synchronization, Freight payment, Load planning, Mobile technology, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

Inteligistics | inteligistics.com

Cold storage monitoring, Dock door management, Food safety management, Forced-air cooling monitoring, Internet of Things (IoT), Mobile technology, Predictive/prescriptive analytics, Supply chain management, Supply chain visibility, Systems integration, Vacuum cooling monitoring, Wireless technology, Yard management

IntelliTrans | intellitrans.com

Data synchronization, Demand management, Freight payment, Global trade management, Inventory control, Internet of Things (IoT), Load planning, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Yard management

IQAX Limited | iqax.com

Internet of Things (IoT), Routing and scheduling, Supply chain management, Supply chain visibility

iQuantum Inc. | iquantum.ai

Supply chain management, Supply chain visibility, Systems integration

Johanson Transportation Service | johansontrans.com

Data analytics and visualization, Data synchronization, Food safety management, Global trade management, Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS)

John Galt Solutions | johngalt.com

Demand management, Inventory control, Predictive/prescriptive analytics, Supply chain management, Supply chain visibility

KoiReader Technologies, Inc. | koireader.com

Inventory control, Internet of Things (IoT), Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, RFID, Supply chain management, Supply chain visibility, Warehouse management system (WMS), Yard management

Körber Supply Chain | koerber-supplychain.com

Automated material handling solutions, Barcode systems, Data synchronization, Demand management, E-commerce, Inventory control, Load planning, Mobile technology, Predictive/prescriptive analytics, RFID, Robotics, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology, Yard management

Laird Connectivity | lairdconnect.com

Food safety management, Internet of Things (IoT), Predictive/prescriptive analytics, Wireless technology

Lanez, Inc | lanez.com

Customer relationship management, Data synchronization, Demand management, E-commerce, Global trade management, Inventory control, Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

Loftware | loftware.com

Barcode systems, Enterprise labeling, Food safety management, RFID, Supply chain visibility

Logility, Inc. | logility.com

Data synchronization, Demand management, Inventory control, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS), Warehouse management system (WMS)

Lucas Systems | lucasware.com

Voice-directed warehouse optimization technology

Lytx | lytx.com/en-us

Predictive/prescriptive analytics, Supply chain visibility, Systems integration, Video telematics, Wireless technology

Made4net | made4net.com

Labor management, Last-mile delivery, Routing and scheduling, Warehouse management system (WMS), Yard management

Manhattan Associates | manh.com

Inventory control, Supply chain management, Supply chain visibility, Transportation management system (TMS), Warehouse management system (WMS)

MercuryGate International | mercurygate.com

Demand management, Freight payment, Global trade management, Inventory control, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS)

Morpheus.Network | morpheus.network

Automated material handling solutions, Data synchronization, Demand management, Food safety management, Global trade management, Internet of Things (IoT), Middleware solution, Regulatory compliance, Routing and scheduling, Supply chain visibility, Systems integration

Ndustrial | ndustrial.io

Internet of Things (IoT), Predictive/prescriptive analytics, Systems integration

NECS, Inc. | necs.com

Barcode systems, Data synchronization, Enterprise resource planning (ERP), Inventory control, Mobile technology, Routing and scheduling, Systems integration, Warehouse management system (WMS)

NORMEX | normex.ca

Food safety management

Nulogy | nulogy.com

Barcode systems, Customer relationship management, Data synchronization, Inventory control, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration

o9 Solutions | o9solutions.com

Demand management, Inventory control, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility

Open Sky Group | openskygroup.com

Automated material handling solutions, E-commerce, Freight payment, Inventory control, Robotics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Yard management

ORTEC | ortec.com

3D load building, E-commerce, Education, Load planning, Mobile technology, Predictive/prescriptive analytics, Resource forecasting, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

ParityFactory | parityfactory.com

Barcode systems, Demand management, Inventory control, Internet of Things (IoT), Mobile technology, Warehouse management system (WMS)

Parsable | parsable.com

Data synchronization, Food safety management, Mobile technology, Predictive/prescriptive analytics, Supply chain management, Supply chain visibility

PCS Software | pcssoft.com

Load planning, Routing and scheduling, Systems integration, Transportation management system (TMS)

PLM Fleet, LLC | plmtrustlink.com

Data synchronization, Food safety management, Inventory control, Internet of Things (IoT), Load planning, Predictive/prescriptive analytics, Regulatory compliance, RFID, Supply chain management, Supply chain visibility, Wireless technology

Prospensive Logistics | prospensive.com

Customer relationship management, Freight payment, Load planning, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Wireless technology, Yard management

Raft (formerly known as Vector.ai) | raft.ai

Customer relationship management, Data synchronization, FinTech, Freight payment, Predictive/prescriptive analytics, Supply chain visibility

Raymond Corporation, The | raymondcorp.com

Automated material handling solutions, Data synchronization, Internet of Things (IoT), Predictive/prescriptive analytics, Regulatory compliance, RFID, Robotics, Warehouse management system (WMS), Wireless technology

Redwood Logistics | redwoodlogistics.com

Customer relationship management, Data synchronization, Load planning, Supply chain management, Supply chain visibility, Systems integration

Relay Payments | relaypayments.com

Data synchronization, FinTech, Freight payment, Mobile technology, Supply chain visibility

RoadSync | roadsync.com

FinTech, Freight payment, Mobile technology

Roambee | roambee.com

Internet of Things (IoT), Predictive/prescriptive analytics, Supply chain visibility, Wireless technology

Ryder System, Inc. | ryder.com

Automated material handling solutions, Barcode systems, Customer relationship management, Data synchronization, Demand management, E-commerce, Enterprise resource planning (ERP), Food safety management, Freight payment, Global trade management, Inventory control, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, RFID, Robotics, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology, Yard management

SemiCab Inc | semicab.com

Collaborative transportation platform. Digital freight solution

SFL Companies | sflcompanies.com

Freight payment, Load planning, Routing and scheduling, Supply chain management, Transportation management system (TMS)

Shipwell | shipwell.com

Enterprise resource planning (ERP), Freight payment, Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS), Wireless technology

Simfoni | simfoni.com

FinTech, Food safety management, Inventory control, Supply chain management, Supply chain visibility

Smart Gladiator | loadproof.com

Mobile technology, Security solutions, Supply chain management, Supply chain visibility, Warehouse management system (WMS)

SmartSense by Digi | smartsense.co

Food safety management, Internet of Things (IoT), Predictive/prescriptive analytics, Regulatory compliance, Supply chain visibility

Soft Robotics | softroboticsinc.com

Automated material handling solutions, E-commerce, Robotics

Specright | specright.com

Data synchronization, Food safety management, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Supply chain management, Supply chain visibility, Systems integration

Spoiler Alert | spoileralert.com

Closeouts management system

Stoeklin Logistics, Inc. | stoeklin.com

Automated material handling solutions, Inventory control, Internet of Things (IoT), Predictive/prescriptive analytics, RFID, Robotics, Systems integration, Warehouse management system (WMS)

SVT Robotics | svtrobotics.com

Automated material handling solutions, E-commerce, Industrial robotics deployment, Inventory control, Internet of Things (IoT), Robotics, Systems integration

SymphonyAI Retail CPG | symphonyretailai.com

Barcode systems, Data synchronization, Demand management, E-commerce, Food safety management, Inventory control, Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Warehouse management system (WMS), Wireless technology

TA Services | taservices.com

Automated material handling solutions, Barcode systems, Data synchronization, Demand management, Freight payment, Inventory control, Load planning, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology, Yard management

Tamlin Software | tamlinsoftware.com

Barcode systems, Customer relationship management, Data synchronization, Demand management, E-commerce, Enterprise resource planning (ERP), FinTech, Food safety management, Inventory control, Mobile technology, Regulatory compliance, Robotics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Warehouse management system (WMS), Wireless technology

Technology Group International | tgilt.com

Barcode systems, Customer relationship management, Data synchronization, Demand management, E-commerce, Enterprise resource planning (ERP), Food safety management, Inventory control, Internet of Things (IoT), Mobile technology, Regulatory compliance, RFID, Supply chain management, Systems integration, Warehouse management system (WMS), Wireless technology

TEKLYNX International | teklynx.com

Barcode systems, Data synchronization, Inventory control, RFID, Supply chain visibility, Systems integration

TELUS Consumer Goods | ignition.afsi.com

"Barcode systems, E-commerce, Enterprise resource planning (ERP), Food safety management, Global trade management, Inventory control, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, RFID, Routing and scheduling, Supply chain management, Supply chain visibility, Warehouse management systems (WMS), Wireless technology, Yard management

TI Holding Company | transportationinsight.com

E-commerce, Freight payment, Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

Tive | tive.com

Inventory control, Internet of Things (IoT), Supply chain management, Supply chain visibility

Transfix, Inc. | transfix.io

Load planning, Predictive/prescriptive analytics, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

TransLoop | transloop.io

Customer relationship management, Data synchronization, Demand management, E-commerce, Enterprise resource planning (ERP), Freight payment, Inventory control, Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Security solutions, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS)

TransmetriQ, powered by Railinc | transmetriq.com

Equipment tracking, Predictive/prescriptive analytics, Shipment tracking, Supply chain management, Supply chain visibility, Track and trace, Transportation management system (TMS)

Trax | traxtech.com

Barcode systems, Customer relationship management, Data synchronization, FinTech, Freight payment, Supply chain management, Supply chain visibility

Trimble Transportation | transportation.trimble.com

Barcode systems, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology

Trucker Path | truckerpath.com

Load planning, Mobile technology, Predictive/prescriptive analytics, Routing and scheduling, Transportation management system (TMS)

Truckstop | truckstop.com

Customer relationship management, E-commerce, Freight payment, Internet of Things (IoT), Load planning, Mobile technology, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS)

Turvo | turvo.com

Supply chain management, Supply chain visibility, Transportation management system (TMS), Warehouse management system (WMS)

UgoWork | ugowork.com

Customer relationship management, Energy management, Internet of Things (IoT), Systems integration

VAI | vai.net

Barcode systems, Customer relationship management, Data synchronization, E-commerce, Enterprise resource planning (ERP), Food safety management, Inventory control, Internet of Things (IoT), Load planning, Mobile technology, Predictive/prescriptive analytics, Regulatory compliance, RFID, Routing and scheduling, Supply chain management, Systems integration, Warehouse management system (WMS)

Velociti Alliance North America, Inc. | velocitalliance.com

Automated material handling solutions, Barcode systems, Data synchronization, Enterprise resource planning (ERP), Inventory control, Mobile technology, Predictive/prescriptive analytics, RFID, Robotics, Supply chain management, Supply chain visibility, Systems integration, Warehouse management system (WMS), Wireless technology

Verizon Connect | verizonconnect.com

Customer relationship management, Data synchronization, Internet of Things (IoT), RFID, Routing and scheduling, Supply chain management, Supply chain visibility, Transportation management system (TMS), Wireless technology

Verusen | verusen.com

Inventory control, Predictive/prescriptive analytics, Supply chain management, Supply chain visibility

Wenda | wenda-it.com/en

Data synchronization, Inventory control, Routing and scheduling, Supply chain management, Supply chain visibility, Warehouse management system (WMS)

Werner | werner.com

Barcode systems, Customer relationship management, Data synchronization, E-commerce, Enterprise resource planning (ERP), Freight payment, Inventory control, Load planning, Mobile technology, Routing and scheduling, Supply chain management, Supply chain visibility, Systems integration, Transportation management system (TMS), Warehouse management system (WMS), Wireless technology, Yard management

Westfalia Technologies | westfaliausa.com

Automated material handling solutions, Inventory control, Predictive/prescriptive analytics, Robotics, Supply chain visibility, Systems integration, Warehouse management system (WMS)

Yale Materials Handling Corporation | yale.com

Automated material handling solutions, Internet of Things (IoT), Mobile technology, Robotics, Wireless technology
