2023 TENTATIVE AGENDA

Florida Manufacturing Advocacy Days is a time for manufacturers and industry stakeholders to meet with legislators and statewide partners to discuss and advocate for manufacturing related issues and to learn more about the legislative process.

The events and meetings hosted during this time are an opportunity for participants to not only network but lend their voice in shaping Florida's manufacturing business environment.

Day 1 - FULL DAY

Breakfast: Meeting of the Florida Manufacturing and Supply Chain Caucus Advocacy 101 Seminar Meetings with Legislative Offices Lunch: Partners and Legislative Office Updates Meetings with Legislative Offices Networking Reception Welcome Dinner

01.25 Day 2 - HALF DAY Meetings with Legislative Offices

Your voice counts!

01.24

Your support and involvement in Advocacy Days is important because it provides us with:

Credibility As leaders in their communities, participants bring their own constituencies and connections into the discussion.

Capacity With an extensive agenda and limited staff, the Council relies on sponsors and participants to lead our public witness and build relationships between the industry and legislative offices.

Constituency As members of local communities, participants relate to legislators as constituents and neighbors, not just as "hired work."

Character Every individual is different, and that includes elected officials and industry leaders. You may be just the person who can have the productive conversation with a particular elected official!
